MATER DEI CATHOLIC
PRIMARY SCHOOL FEES 2015

Dear Parents

The 2015 school fees schedule is published below. The school fees for 2015 incorporates a 3% increase on 2014 of the tuition component only. There has been no increase in the book & consumable levy, technology levy or maintenance of asset fee.

In setting the 2015 budget, the Council has provided for an on-going general desk and chair replacement program, the introduction of Chrome technology devices into Stage 3, along with a general computer replacement program, older room upgrades and general window blinds and carpet replacement. A schedule of works has also been created to undertake continued maintenance work throughout the school for 2015 and investigations will be undertaken, to look at increasing the number of solar panels in the school.

The Council would like to take the opportunity to thank the parents of our school for their continuing support in terms of timely payment of school fees and generous contributions to fundraising. The fantastic support of the P & F, each and every year, means the funds are available for the purchase of resources and equipment that would otherwise not be possible. The school Council and P&F will continue to liaise on items for expenditure on funds raised by the P&F.

SACRED HEART BUILDING FUND

The Sacred Heart Building fund will continue to be a compulsory component of every family’s school fees. This not only provides support from all families to the Sacred Heart Parish, but ensures equity in the payment of the levy. The Sacred Heart Parish has again provided strong financial support to our school in the building of the Creative Learning Centre, which we are finding is a wonderful addition to our school.

The Council wishes to sincerely thank families for their continued support of the school.

Danny Malone – Principal
Cole Levy – School Council Treasurer
